Filled with carefully constructed guitar pop gems, the album contains some of Morrissey's best material since the Smiths.. And 'The More You Ignore Me, the Closer I Get,' 'Speedway,' and 'Spring-Heeled Jim' prove that he hasn't lost his vicious wit.

Exact Audio Copy V0 99 prebeta 4 from 23 January 2008 EAC extraction logfile from 25.. Out of all of his solo albums, Vauxhall and I sounds the most like his former band, yet the textured, ringing guitar on this record is an extension of his past, not a replication of it.
